## Seating at the Library

If you've visited us in the last week, you may have noticed some changes in the library reading room. We are now able to offer limited seating at several tables, with one chair per table. Out of fairness to everyone, we have limited the table use to 30 minute time slots.

We respectfully ask that you still follow all indoor COVID-19 safety regulations and keep your mask on while at the table. Tables can be sanitized before by staff upon request. Remember to return any items you do not want to take out to the labelled bins located in the library.

## Kids Reading Challenges

### Are you a reading hero?

It's April, and that means our third Monthly Reading Challenge card will be available for pick up at the Library starting Tuesday April 6! These challenges were created for independent readers ages 5 and up to encourage them to go on a reading adventure and try new authors, topics, and reading formats!

Pick up your challenge card at the check out desk, and when it's finished, bring it back to receive a sticker and be entered into a monthly prize draw. If you finish all the challenge cards (four total), you can also get a special reading challenge master button to keep!

## Plant Adoption Drive

We are thrilled to announce our first-ever Plant Adoption Drive!

This event has been made possible with a generous donation by GardenWorks Penticton, who will be providing us with 20 non-invasive perennials to adopt out to our patrons (Columbine and Saint William's Dianthus). Visit us on Earth for your chance to take one home! Please note: it will be first-come, first-served.

### The fine print:

- One plant per household, please
- Free, no library card or other qualifications required
- Each comes with a name and personality created by teens from the Youth Advisory Committee (and adoption papers!)
